FOR IMMEDIATE RELEASE

SPRING INTO SUMMER WITH A MISTING SHOWERHEAD!

Online shopping site ShowerStore.com offers a great selection of products to help you keep cool this summer

July 2, 2007

BALDWIN PARK, CA – ShowerStore.com today announces a collection of Misting Showerheads as featured items on its home page.

“Misting showerheads are a great way to cool off this summer,” explains Henning Zieger, an industry veteran and one of the founders of ShowerStore.com. “We’ve got a great selection of them, and just in time for summer!”

The “mist” spray pattern comes from forcing the water through tiny holes. As the water exits, it breaks apart into millions of tiny droplets. These droplets rapidly lose their heat and evaporate quickly leaving you with a cooling sensation. Many mist sprays give your skin a tingling sensation, which helps invigorate the body. The mist spray is great for hot summer days or cooling off and reviving your body after a workout.

So leave the air conditioner off this summer – save a ton on your energy bill and do more for the environment by stepping into a misting shower instead! ShowerStore.com is offering 11 misting showerheads and hand held shower sets from about \$8 to \$25. Find out more at www.ShowerStore.com.

About ShowerStore.com

ShowerStore.com is focused on helping consumers and trade professionals find the perfect showerhead, handheld showerhead, or shower accessory at a great price. ShowerStore.com carries fixed showerheads, handheld showerheads and accessories from top names like Moen, Interbath, Ondine, Speakman and Waterpik.

ShowerStore.com contains original content protected by copyright including product photos and detailed information about each product. An extensive support section includes topics like increasing your water pressure, fixing a leaky showerhead and cleaning a clogged showerhead so you get the most out of your new showerhead or handheld shower for years to come.
